Alexandria, VA 22313-1450

Sir:

Applicants hereby petition to proceed with prosecution of the above-mentioned application without signature of the inventor Mr. Guletsky. **STATEMENT OF DORON SIERADZKI IN SUPPORT OF PETITION
UNDER 37 C.F.R §1.47**

I, the undersigned, Doron Sieradzki submit this declaration in support of a petition under 37 C.F.R §1.47. The below is true and accurate to the best of my knowledge:

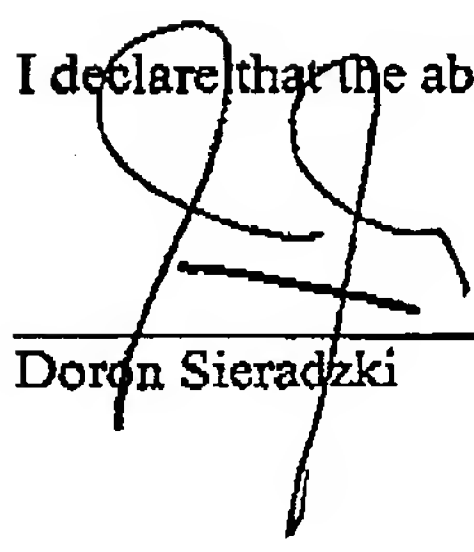

1. I am an Israeli patent attorney (Reg. 122), and work, inter-alia, for UCLT LTD.
2. The application is a National Phase Application of PCT International Application No. PCT/IL2004/000653, International Filing Date July 18, 2004, naming inventors Eitan Zait, Vladimir Dmitriev, Nikolay N. Guletsky, Sergey Oshemkov, and Guy Ben-Zvi, and assigned to UCLT Ltd.
3. The application entered National Phase on January 18, 2006 with the United States Patent and Trademark Office (the "USPTO").
4. On April 5, 2006, the USPTO mailed a Notice of Missing Parts, requiring applicants to file a signed declaration of the inventors.
5. On or about late April, 2006, I sent a declaration to each of the named inventors of the application to be executed in accordance with 37 CFR 1.66 or 37 CFR 1.68.
6. As Mr. Guletsky no longer resides in Israel, I sent this letter to Mr. Guletsky's last known address at Apt. 167, 25/3 Nastavikov Prospect, St. Petersburg, 195030 Russia. I received no response from Mr. Guletsky to this letter.

7. In early May 2006, Mr. Sergey Oshemkov (a co-inventor and UCLT Ltd. employee) traveled to Russia on holiday. Mr. Oshemkov approached Mr. Guletsky to discuss the matter of the declaration. However, Mr. Guletsky refused to sign the declaration, stating that he would not sign any documents relating to UCLT Ltd.
8. On May 31, 2006, I wrote another letter to Mr. Guletsky reminding him of his obligation by law to assist in the filing of the application, including in signing the declaration, and again attached a copy of the declaration. The letter was again sent to Mr. Guletsky's address in Russia by courier (UPS). See Exhibit A hereto.
9. On August 1, 2006, Applicant filed a response to Notice of Missing Parts, including a petition to proceed without a declaration executed by Mr. Guletsky.
10. On September 5, 2006, the USPTO dismissed the petition.
11. On November 1, 2006, I sent Mr. Guletsky another letter, specifically mentioning and including therewith the patent application as filed, as well as a declaration and assignment therefor. See Exhibit B hereto.
12. To date, I have not received any response, either in the form of a signed declaration or in any other form, to my May 31, 2006 letter to Mr. Guletsky.

I declare that the above is true and accurate to the best of my knowledge.

**STATEMENT OF SERGEY OSHENKOV IN SUPPORT OF PETITION
UNDER 37 C.F.R §1.47**

I, the undersigned, Sergey Oshemkov submit this declaration in support of a petition under 37 C.F.R §1.47. The below is true and accurate to the best of my knowledge:

1. I am employed by Pixar Technology (formerly UCLT, Ltd., formerly U.C. Laser Ltd.), the assignee of the above-referenced application. I am also one of the named inventors of the above-referenced application.
2. Mr. Nikolay Guletsky, another named inventor, was an employee of UCLT, but his employment at UCLT was terminated in November 2003.
3. After termination of Mr. Guletsky's employment, he moved to St. Petersburg, Russia.
4. After the above-referenced application was filed, I was informed that Mr. Guletsky had not signed the inventor oath or declaration, as requested by the USPTO.
5. In early February 2006, I traveled to St. Petersburg, Russia. During my visit to St. Petersburg, I received by e-mail the patent documents relating to the above-referenced application.

6. I called Mr. Guletsky in order to arrange a time and place to deliver the documents and obtain his signature.
7. Mr. Guletsky told me that he had no more interest in the patent application and refused to meet with me to discuss the matter. After I hung up the phone, I sent Mr. Guletsky the patent documents by email.
8. Several days later, I called Mr. Nikolay Guletsky again to inquire whether he received the patent documents and whether he would sign the declaration.
9. He replied that he had received the documents, but again refused to sign the declaration, stating that because he had finished working for UCLT, he no longer felt obliged to sign any document relating to the company or its patent applications.

I declare that the above is true and accurate to the best of my knowledge.
